

### Futures Fair

Dear Parents/Carers,

We are pleased to inform you that Beaconsfield High School will be holding its annual **Futures Fair** on **Wednesday 11th February**, an important event designed to support our students in making informed and ambitious decisions about their future pathways.

This year, we are delighted to welcome **over 40 employers, universities and training providers**, offering students the opportunity to engage directly with a wide range of prestigious institutions and professional sectors. Universities represented will include those from across the country, from **Newcastle to Exeter** alongside organisations spanning diverse and highly competitive fields such as **software and technology, archiving, finance, healthcare and the Armed Forces** and many more. In previous years, through engagement at the Futures Fair, students have been offered work experience and apprenticeship opportunities.

**Year 11** students will attend the Futures Fair during **Period 4**, **Year 12** students during **Period 5**. Year 13 students will be able to attend if they are free. Sixth form students from the Beaconsfield School will also be joining us for part of the afternoon.

Students will be provided with a detailed booklet containing information about each exhibitor. We encourage you to discuss this with your child in advance, helping them to identify organisations and institutions most relevant to their aspirations, so that they can make purposeful and confident use of their time at the Fair.

We are also extremely grateful to the parents who are exhibiting this year, generously contributing their time and expertise to support our students' future ambitions.

Please do not hesitate to contact [wray-k@beaconsfieldhigh.school](mailto:wray-k@beaconsfieldhigh.school) if you have any questions.

Yours faithfully,

**Sian Allen**

Acting Director of Sixth Form
