Year 11 is obviously a very important year. We will be looking at how the students can set themselves up to give themselves the best chance to achieve their potential in the summer and how you can help at home.

Part of the evening will be dedicated to answering your pre-submitted questions. If you have a question that you would like to ask, please submit it using the link below before **Thursday 23rd October**.

We are happy for your child to watch the presentation with you.

We look forward to seeing you.

Yours faithfully,

Mr Robson
