Beaconsfield High School is proud of its strong track record in supporting successful applications to universities, further education institutions, and degree apprenticeship schemes. As the educational landscape continues to evolve, we remain committed to providing the best possible guidance and opportunities for all our students.

This event will offer:

- **An overview of the UCAS process** and how we support students throughout their applications.
- **Insights into degree apprenticeships**, presented by Karen Wray, our Careers Leader.
- **Special guidance on Oxbridge applications**, with Lindsay Robinot-Jones, Outreach Manager at Homerton College, Cambridge, sharing expert advice on the unique application process for Oxford and Cambridge.

Students aiming for competitive courses such as medicine, dentistry, veterinary science, or Oxbridge will already be receiving tailored support through our MedSoc and Oxbridge programmes.

To stay informed, the **Sixth Form Weekly** is published to students every Friday and includes details of upcoming experiences, university events, apprenticeship opportunities, and more. You can access the latest edition [here](#). We strongly encourage all students to read it and take advantage of the opportunities advertised.

We aim to address any questions during the event using the TEAMS chat function. If your specific query is not covered, please feel free to email us at [sixthform@beaconsfieldhigh.school](mailto:sixthform@beaconsfieldhigh.school).

Yours faithfully,

**Sian Allen**

Acting Director of Sixth Form
