

Sixty for 60 Student Campaign

Dear Parents/Carers,

The Student Board for the Big Build Campaign has come up with a fantastic idea to get every student involved in raising money for our project to build a dedicated sixth form centre at Becky High. They said it would be their way of giving Becky High a birthday present in our 60th year!

Our Student Board Chairs, Elsie and Amber, along with vice-chair, Emily, wrote to every student last week asking them to commit to raising £60.00 before May 15th. They suggested bake sales, sponsored runs or silences, tutoring, selling crafts and car washes. They even added an incentive – the first form to raise £60.00 per person will win a pizza party and a non-uniform day for the entire form. We spoke to one of our Year 8 students, Edie, about what she is doing to raise her £60.00 and [this is what she said!](#) The Head Girl team have also made [this film](#) explaining the initiative which was shown to the students last week during form time.

When your daughter has raised her £60.00, please would you send the money to us via the *Sixty for 60* option on SCOPAY (www.scopay.com/beaconsfield). Please do not give your daughter cash to bring in to school. When every student raises £60.00, this means we can add an additional £70k+ to our Big Build fundraising total which currently stands at £566k. This puts us firmly on target to open the doors to this incredible facility in September 2027. Thank you for encouraging your daughter with this fun, student-led initiative!

Best wishes,

Tina Bond
Headteacher
