

Year 7 Parent Group and Extra Support

Dear Parents/Carers,

I would like to introduce myself, my name is Clare McKenna and I am a Becky High alumni, a Becky High parent and a SEN parent rep. I wanted to share with you how the SEN team can help your child should they need extra support.

Here are a few examples:

- Support from a Learning Support Assistant.
- Touch typing practise.
- Organisational support.
- Mentoring.
- Blossom for help in specific subjects.
- Guardian angels for a sixth form mentor.
- After school homework club on a Wednesday and Thursday.
- Lunch clubs.

The SEN team here at Becky High have set up a group for parents/carers who have children with additional needs (diagnosed or undiagnosed) or who might just need a little extra support.

The group meets once a term to chat about what's on offer at school to help support our children; share parenting and SEN ideas; and generally, support each other.

If you are interested in joining this group of lovely supportive people, please email learning support at learning-support@beaconsfieldhigh.school, for more information.

You can also come to the neurodiversity stall at the Open Evening on the 16th April to find out more.

Kind Regards,

Clare McKenna
Sen Parent Rep
