

### Macmillan's Coffee Morning

Dear Parents/Carers,

We are delighted to be hosting a whole school Macmillan's Coffee Morning this Friday 3rd October, when we hope to raise money for this important charity. We are encouraging the students to take part in their house competition by either baking or donating something sweet or savoury. Break-time has been extended slightly that morning in aid of this good cause.

We ask that if the students would like to donate by purchasing something tasty on the day, they bring £1.00 or £0.50 in cash. If they would like to donate by baking or buying a product to sell on the house stall then they need to supply the list of ingredients used, either written out or cut from the packet. **All products must be completely nut free.**

The winners of the house competition will be the house that raises the most money in their Macmillan collection bucket.

The students have been made aware of this competition through their house prefects and form tutors, but I just wanted to highlight what we are trying to do if your child reaches for the apron and the flour this week!

Further guidance on where to bring their baked goods on Friday morning, will be explained to them. Thank you for supporting us in aid of such an important cause

Yours faithfully,

**Ms C Lewis**
