

## Unseen Talent

### Caroline Baker

#### What is your role?

Assistant Kitchen Manager

#### How long have you worked here?

13 years I think, but who knows, it's been a long time!

#### Where are you based?

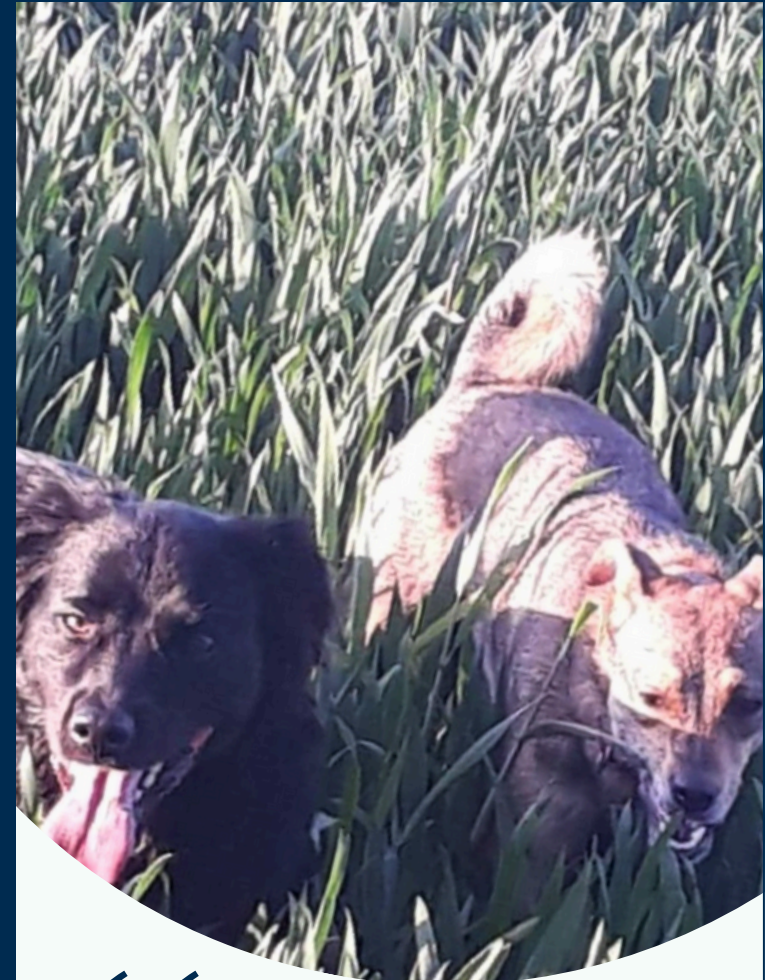

In the cafeteria.

#### Best thing about working at Becky High?

Working with the Dream Team and meeting lots of different people!

#### Life before Becky High!

I wanted to be a farmer so I went to Hampden Hall Agricultural College. During this time, I went on a one-year placement on a farm in Denmark looking after piglets. I trained to artificially inseminate a pig and learnt Danish...but I can't remember any of it now! To earn money during college, I also worked for my dad as a lorry driver. After college I worked in care, before working at Beechview Primary school as a lollypop lady, a caretaker, and a midday supervisor. I then moved to Becky High as a cleaner before joining the cafeteria Dream Team!

“

*I foster Romanian street dogs and to date, I have fostered 16. I also have two of my own dogs – River and Reeve – both of whom are from Romania. I hate heights, but for my friend's birthday I agreed to go up in a hot air balloon, I didn't look down for the majority of the flight! My grandad was also Mayor of Wycombe!*
