

Un^{👁️👁️}en Talent

with...

Shivali Rawal

What is your role?

I am one of the Learning Support Assistants.

How long have you worked here?

I started working at Beaconsfield High in September 2023.

Where are you based?

In the Learning Support classroom, at the bottom of the Tower Block.

Best thing about working at Becky High?

Supporting students in lessons and working with wonderful staff members! Since starting at BHS, everyone has welcomed me with open arms.

Life before Becky High!

I have had a variety of different jobs. I have worked in a hair salon during high school, I then worked in a care home during Covid. I have also worked in a chartered accountancy firm and as a waitress. I am studying psychology with counselling at Bournemouth University and I hope to go into family therapy when I graduate. This is my placement year and I came to Becky High because I knew Mrs Lyczba from when she used to teach me music at my secondary school!

“

I completed a 5k run for a charity called Independence at Home who raise money for mobility and disability equipment, and home adaptations. I regularly practice yoga and love going to the gym. I also have a Rottweiler dog and four cats!
