

Un^{👁️👁️}en Talent

with...

Abbey Turner

What is your role?

I am Ms Bond's PA but I also support the Senior Leadership Team.

How long have you worked here?

I started at the end of September 2023, so two months.

Where are you based?

In the office attached to the Headteacher's office.

Best thing about working at Becky High?

Everyone says it, but it's genuinely the people! Everyone is so welcoming and always happy to help.

Life before Becky High!

I've worked in lots of different industries, I started as a Christmas temp at John Lewis and stayed there for eight years, working on the shop floor and then in the Aftersales (complaints) Department. I then worked in construction as a PA and bid writer before finding my way into schools doing admin, PA and marketing. Lots of different industries means there is always something to learn.

“

I used to swim for England! I started my swimming career quite late in life but enjoyed every moment of competing. My dad is an Olympian so high performance sport had always been in my life growing up. My daughter now swims at County level too!
