

Unseen Talent

Robb Neale

What is your role?

I am one fifth of the Site Team.!

How long have you worked here?

Four years.

Where are you based?

My office is behind the new Drama Studio, but shhhh, don't tell anyone!

Best thing about working at Becky High?

Working with the students who are a lot easier to work with than sales managers! Another bonus is I can walk to school, and it really is different every day. One day I could be painting a classroom, the next networking an area within the school or building a pergola.

Life before Becky High?

It's been very varied! I have been a graphic designer (watch out Miss Davies), worked in technical sales and in the film industry as a film tech. I worked on *War Horse* and *The Imaginarium of Doctor Parnassus*, and I just missed out on meeting Spielberg. I've also spent time as a network engineer, forklift driver, lifeguard at William Penn Swimming Pool in Mill End and a chef at Fast Eddy's in Australia where I lived for a year.

“

*I am an avid gamer, I love cooking, walking with my family, Dizzy, my ginormous black and white cat and reading – my favourite book is *Thud* by Terry Pratchett. I also have a YouTube channel R&g Outdoors.*
