What is your role?

I am the Cover Manager and the Data and Assessment Administrator

How long have you worked here?

I started in November 2019, so four years.

Where are you based?

In the admin office in the reception area at the main entrance to the school.

Best thing about working at Becky High?

The students are remarkable, they amaze me daily which makes it a lovely place to work. The staff are also fab, it feels like one big family, in fact my husband works here, so it is family (see right photo)!

Life before Becky High!

I had a few false starts with my career. I trained to become a veterinary nurse and completed my first year. I then went to work in advertising in London for eight years before moving in to computing and web design. After deciding that wasn't for me, I worked in sales support at a large financial services organisation for 10 years becoming the PA for the Managing Director. I dealt with people all over the world and I once flew to Poland to deliver documents - I didn't even make it out of the airport before returning home!

I used to be a season ticket holder for Watford Football Club and have been to most premier club stadiums. I still like to keep my eye on how they are doing all these years later
