

ADAM WHITAKER

HEAD OF THE
SCIENCE FACULTY

**WHAT MADE YOU WANT TO
BE A TEACHER?**

I wanted a job which was different everyday and where I could make a difference to the students I teach!

**FAVOURITE
WORD?**

I quite like the word kettle, I think it rolls off the tongue nicely.

**WHO WHATSAPP'ED/
MESSAGED YOU LAST AND
WHAT ABOUT?**

My wife and it is normally about my daughter or my son doing something they should not be doing!

**STRANGEST QUESTION
YOU'VE BEEN ASKED
AS A TEACHER?**

There are two - 'are you a bird watcher' and 'did you know you have forehead wrinkles'.

**WHAT'S YOUR
FAVOURITE SMELL?**

My sense of smell is pretty poor! When I was 12, I broke my nose (which is why it is crooked) and then when I was 19 I smelt v strong concentrated acid and burnt the inside of my nose. Therefore I need a strong smell to smell it properly, so wood burning!

**WHY DID YOU CHOOSE
BECKY HIGH?**

It has to be Becky High staff. They are really welcoming and supportive of one another which makes settling into a new school so much easier.
