

Welcome to A Level Biology!

We follow the **OCR Biology A (H420)** course.

The course is diverse and covers the following modules:

- Module 1 – Development of Practical Skills in Biology
- Module 2 – Foundations in Biology
- Module 3 – Exchange & Transport
- Module 4 – Biodiversity, Evolution & Disease
- Module 5 – Communication, Homeostasis & Energy
- Module 6 – Genetics, Evolution & Ecosystems

Bridging Work: (2-3 hours)

Please complete the following:

1. Download & print off the specification here: (5-10 mins)

<https://www.ocr.org.uk/Images/171736-specification-accredited-a-level-gce-biology-a-h420.pdf>

2. GCSE Consolidation multiple choice questions (60-75 mins)

- Use your revision notes and textbook to complete the baseline multiple choice questions to consolidate your knowledge of GCSE Biology.
- Print off the questions using the following link and bring this into your first lesson in September to be handed in to your teacher

[GCSE Bridging Work MC Questions.pdf](#)

3. Key maths skills (45mins)

- Complete the 3 maths tasks to consolidate some key skills needed for A Level using the following link:
