

Art, Craft and Design

Visit a Gallery or go to an Art Exhibition-

Take photos during your visit and prepare a report on it to share with the class.

Ensure you cover the following...

- Which Gallery was it?
- Was it a particular exhibition... is so what was it called?
- Which Artists were featured/ who was it about?
- Provide contextual information-Introduce the Art movement/ Artist in question
- Use Visuals- your own photos of the work to help explain what you are talking about to the class.
- What were your favorite pieces and why
- What was interesting about seeing the work in real life

Write a contextual analysis of one piece from the exhibition. Here is a link to a guide on how to analyse art... [Analysing and Annotating Art](#)

Your report should be a PPT presentation that will take approx. 10mins to talk through. Be prepared to share this with the class at the beginning of the course.
